PROFILE

I am a 5th-semester student in the D4 Informatics Engineering program at Universitas Airlangga, with a strong interest in technology, particularly in UI/UX Design and Web Development. I have experience in creating user interface designs, developing web-based applications, and actively participating in student organizations and committees. I am accustomed to working both individually and in teams, possess good communication skills, and am solution-oriented.

EDUCATION

Universitas Airlangga | D4 Informatics Engineering

2023 – Present

- Latest GPA : 3.56 / 4.00

SMA Negeri 2 Lamongan | Science Major

2020 - 2023

EXPERIENCE

SEKOLAH BETA INTENSIF HIPSTER SOFTWARE Day 16 - How to make Resume

as UI Designer & convincing portfolio

- Created various UI designs throughout the program and completed a final project to enhance visual design skills.
- Understood client requirements through user persona approaches to produce targeted design solutions.
- Collaborated in a team simulation project.
- Conducted self-presentation sessions as a UI/UX Designer.

Figma Camp Indonesia Batch 4 - UI/UX Design with Figma

- Learned the fundamentals of UI/UX design using Figma.
- Built interactive prototypes for simple applications.
- Applied design principles such as consistency, typography, and grid layout.
- Participated in weekly challenges to improve creativity.

Junior Web Developer

- Developed basic website interfaces using HTML, CSS, and JavaScript.
- Applied responsive design for multi-device usability.
- Learned basic frontend-backend integration using simple APIs.

FullStack API, Web, CMS & Docker Multi-Container Architecture

- Studied API implementation to connect frontend and backend.
- Built a simple application with authentication system.
- Gained knowledge of CMS concepts and content management.
- Implemented Docker Multi-Container for application deployment simulation.

IBM Skills Build

Code Generations and Optimization

- Understood programming code efficiency concepts.
- Produced cleaner and maintainable code.
- Practiced algorithm optimization.
- Create a final project, and work on a case study-based learning module from IBM.

IBM Skills Build

Data Classification and Summarization

- Learned to recognize and classify data categories.
- Used simple methods to analyze datasets.
- Summarized data for user-friendly understanding.
- Completed a mini case study project related to data.

ORGANISATION

Himpunan Mahasiswa Teknik Informatika (HIMTI)

Kabinet Arunika Niskala

Feb 2024 - Dec 2024

Department of Internal Relations

- Served as Internal Staff.
- Responsible for the 2024 Welcome Party Event.

Cabinet Selaras

Feb 2025 - Dec 2025

Department of Internal Relations

- Served as Senior Staff in the Internal Division.
- Responsible for the 2025 Welcome Party Event.
- Served on the Steering Committee for the 2025 Graduation Party.

VOLUNTEER EXPERIENCE

IFBC EXPO 2025

Gate Team

- Effectively communicated with visitors.
- Made firm decisions according to SOP.
- Worked collaboratively in a team.
- Completed assigned tasks efficiently.
- Maintained security during the exhibition.

TEKNOVISTAFEST

Logistic Division

- Managed participant screen changes and event bumpers on the main screen.
- Coordinated with promotion and sponsorship teams to increase event visibility.
- Prepared event equipment including decoration materials.
- Organized symbolic items such as plaques, gifts, and awards.

HIMTI GO INDUSTRY “PT. Telkom Landmark Tower Surabaya”

Public Relations & Licensing Division

- Submitted requests for industrial visits to companies.
- Prepared and served meals for speakers and participants.
- Arranged symbolic items such as plaques.

PENYULUHAN BEASISWA

Operator Division

- Operated and supervised the event flow.

STUDI BANDING

Public Relations & Licensing Division

- Made restaurant reservations.
- Organized meals for committeees, participants, and speakers.
- Arranged symbolic items such as plaques.

INISIALISASI

Coordinator of Public Relations & Licensing Division

- Rented venues and rooms for events from start to finish.
- Scheduled appointments with lecturers, speakers, or guest stars.
- Prepared all event equipment.

TEKNIK CUP

Medical Division

- Assisted injured participants and provided first aid.

WELCOME PARTY 2024

Event Coordinator & Field Coordinator

- Designed event rundown and flow.
- Booked hotel ballroom and prepared event decorations.
- Scheduled appointments with lecturers, speakers, or guest stars.
- Arranged catering for the event.
- Booked live band performance for entertainment.
- Briefed the committee before the event.
- Ensured the event ran smoothly as planned.

GRADUATION PARTY

Steering Committee

- Designed concepts, equipment, and organized the graduation ceremony.

SKILLS

Technical:

1. UI/UX Design (Figma, Wireframing, Prototyping, User Persona, Design System)
2. Frontend Development (HTML, CSS, JavaScript, Responsive Design)
3. Backend Development (Laravel, API Integration, CMS)
4. Version Control (Git & GitHub)
5. Deployment & Containerization (Docker Multi-Container)

Non-Technical / Soft Skills:

1. Project & Event Management (planning, execution, evaluation)
2. Leadership & Teamwork
3. Communication & Public Relations
4. Problem Solving & Adaptability under pressure
5. Public Relations & Customer Handling
